The suggestion was made to use the same design as last year but make appropriate wording changes and have different color for the border. If anyone has a design for a conclave T-shirt e-mail the draft to Josh before next LECM.

Encourage as many people as possible to attend conclave. Carpooling is suggested. Does anyone have access to a church bus?

NLAT is February 18 – 19 in Nashville. If interested in attending contact Tommy Rogers.

Spring Fellowship at Skymont March 11-12, 2011. Noah Kersetter agreed to be chairman. Josh suggested including climbing or shooting range as a fun activity.

Trading post was suggested to expand merchandise such as national and making our own sweat shirt, hats, hoodie, vest, etc. Logan Bailey agreed to look into a quality hat. Mitchell Schroll is checking into shirts. The goal is to have these ready by Spring Ordeal.

Patch restrictions have been two per activity. Josh suggested the first time through individuals be allowed to purchase of two patches. Then after everyone has had a chance to purchase patches, a second chance will be given to purchase as many patches as you want. This motion passed. Another discussion was to have a standard flap plus have event patches. To help with judging the number of patches to order, individuals would be allowed to pre-order. This could allow for selling the standard patch in the scout shop. Start planning now for patch designs.

Robert Wilson wants articles by youth by the LECM in February. He would like a base of OA activities. Several suggestions were presented for web sharing of photos.

The lodge has 8 slots to Summit Corp 2011 July 10-16. There appears to be enough interest to fill the slots. We might be able to acquire more slots if there is enough interest.

Tommy Rogers gave an advisors minute.

Next meeting is February 17, 2011.
