A review of positions including the youth and adult volunteers needed for planning and implementing the event was given. Additional volunteers are needed. The interest form will be distributed at Fall Ordeal. A poster will be placed at the Scout Service Center.

A review of each campsite and their capacity was also given. A discussion followed concerning program areas. Consideration was given for space needed for each program. Colleges will need space for the various classes within the college.

A discussion of patches followed. One possibility is to have one design then change the border. The patch system needs to be confirmed for the November COC.

Plans are to have a slightly different T-shirt for staff. Another suggestion was for all lodge members to have a card with the basic information to help direct our visitors.

We still need a theme.

Menu ideas were given. Cost is estimated at \$18 per person.

Respectfully submitted,

Tyler Morris
